#### Statement of the Chin National Front on its Sixth Party Conference

February 1, 2016

The Chin National Front (CNF) successfully held its Sixth Party Conference from January 26 to 30, 2016 at Camp Victoria, the General Headquarters. Representatives from inside and outside of Burma, Chin National Army, townships and tribes, special invitees, university students, youth, women, community based organizations, and observers, totaling 181 persons, attended the Conference.

The Sixth Party Conference has adopted the CNF's grand strategy for the current peace process as "establishing the Federal Union that fully guarantees democracy, federalism, and self-determination through political dialogue."

In addition, the Conference has agreed to a fundamental policy for peace negotiation: "the Chin representatives from different thematic groups of the Union Peace Conference will endeavor to obtain a common position of the Chin people through the National Dialogue regarding draft proposals which will be sent to the Union Peace Conference." The Conference has also decided to inform the public about peace process in a timely manner and get feedback from the public.

The Chin National Front will continue to strive for inclusion of all the ethnic armed resistance organizations in different levels of political dialogues in order to build internal peace.

The Chin National Front is greatly concerned for internally displaced Chin people who are suffering various social difficulties in Paletwa Township and at the border of Chin State due to military engagements of the Arakan Army (AA). Therefore, the Chin National Front solemnly demands that the Arakan Army (AA) immediately stop military engagements in Chin State and not harm local communities.

The Conference elected forty five members of the Central Committee including Pu Zing Cung as Chairman, Pu Thang Nang Lian Thang as Vice Chairman One, Dr. Salai Lian Hmung Sakhong as Vice Chairman Two, Pu Thang Ning Kee as Vice Chairman Three, Salai Thla Hei as General Secretary, Dr. Sui Khar as Assistant General Secretary One, Pu Khua Uk Lian as Assistant General Secretary Two, and Pu Thet Ni as Assistant General Secretary Three, for the Sixth Party Conference term.

As the Sixth Party Conference has designed Peace and Political Dialogue grand strategy, tactics, and work plans for establishing the Federal Union, rebuilding Chinland, and regaining Self-determination of the Chin people, the Conference urges the entire Chin people to work hand in hand with the Chin National Front.
