Chin National Front's Statement on the Current Political Situation

2, February, 2021

1. The Chin National Front condemns the military's act of declaring a state of emergency state and thereby seizing power from the elected government of the Republic of Union of Myanmar on the 1st of February 2021, given that it could damage the current process of trust building, national reconciliation and peace building; and it contradicts the building of Federal Union and democratic standards.
2. The Chin National Front, in such situation, pledges to stand in solidarity and cooperate with the people for the cause of building a Federal Union and regaining Equality and Self-determination.
3. The people of the Republic of the Union of Myanmar, like the rest of the countries in the world, have been in a critical situation due to the spread of the coronavirus. It is a time to collaborate between different groups to provide a healthcare to the people and ease their worries and concerns.
4. Therefore, we call for the immediate release, without conditions, of the detained President, State Counsellor and others. We urge concerned groups to peacefully negotiate and seek a solution with a view of keeping the Republic of the Union of Myanmar peaceful and prosperous.
