## Statement on the 75<sup>th</sup> Chin National Day

February 20, 2023

1. Today marks the 75th Anniversary of Chin National Day – an auspicious day on which the Chins had expressed a sense of national unity and unanimously resolved to practice a new democratic system with national self-determination in Chinland effectively substituting the old system of hierarchical chieftainship.
2. The Chins and all the ethnic nationalities, since February 1, 2021, stood up against the terrorist military junta. The nation saw sacrifices of lives, blood, sweat and wealth for the cause of freedom from successive military dictatorships and to establish a federal democratic system. On this occasion, we express our respect to the fallen heroes, the wounded comrades and sympathy for people suffering in the Spring Revolution.
3. The Chin National Front/ Chin National Army (CNF/CNA) takes this Spring Revolution as an endgame for national liberation. We, together with Ethnic Resistance Organizations (EROs), National Unity Government (NUG), and Local Defense Forces, who share common goal and belief, shall continue fighting against the junta. At the same time, we shall implement the Chin Nation-building and State building together with the stakeholders.
4. As the movement and revolt in the aftermath of 2021 is People's Revolution, we urge all the Chins at home and abroad to ardently participate in the fight against military dictatorship, together with the CNF/CNA.
5. Today, on the 75<sup>th</sup> Anniversary of Chin National Day, we wish all the Chins across the world to be able to celebrate this historic day with the essence of nationalism.
